BBM 442 PROJECT 3 CUDA

Fatih Keskin 21427105

Summary of Work

- - I have write serial part of the code but the parallel part is half written.

- - It gives segmentation fault. (i comment-lined the kernel function call)

- - I think the problem was about filesize.

- - For the desing of distrubiting threads i designed 60 block – 256 threads.

- - I am not sure but maybe my CUDA installation was incomplete.
